## The aesthetic side of the Equitable Building

The man who prefers a building which makes some pretension to beauty and is not wholly subordinated to commercial considerations will find it a source of satisfaction and pleasure to be located in the Equitable Building.

It is a business building, located on Broadway, and featuring considerations which are especially designed to appeal to progressive, aggressive business men and institutions, but it is also in the fullest sense a building in which beauty and utility are admirably combined.

Leases now being made from May 1, 1915. The building, however, is due to be completed 2 or 3 months ahead of that date.
